

Learner Destinations

The school tracks the destinations of learners upon leaving to ensure accurate data on their transitions to further education, training, or employment. However, there is a need to improve the process for tracking the ongoing progress of these placements. To strengthen this, we aim to establish a more robust system for monitoring whether placements have continued positively for up to 3 years of a pupil leaving the school. This may involve collaboration with local authorities and SEND caseworkers, as well as through alumni events, to gather feedback and ensure that learners are receiving the support they need in their next steps.

Post 16

2022 Leavers

We have 3 Post 16 leavers this year:

- 1 learner has applied to attend an apprenticeship programme at Tameside College which focuses on multi trade. He completed GCSE resits in November and improved from Grade 3 to Grade 5 in English and Mathematics. He has also applied for an apprenticeship through Skills Training UK at Hyde Coatings in Tameside and he is currently awaiting a date for an interview.
- 1 learner has decided to decline an offer to continue with Catering at The Manchester College and is hoping to transition to Birtenshaw College. He has achieved a Level 2 qualification in Functional English and he is currently working towards level 1 in Functional Mathematics.
- 1 Learner was due to leave us in December 2021 as he was relocating with his mother to Wales but the sale fell through. He is currently awaiting a new date to leave us and the SEN team are awaiting confirmation before transferring his documents to the new Welsh local authority. He does not wish to engage in employment or education and his mother is going to support him in setting up his own craft/woodwork business. He is currently working towards an A Level qualification in Art.

Learner destinations July 2021

In July we worked closely with local colleges, local authorities, and social care to ensure that our learners were able to access placements and packages that would enable a route to greater independence, future employment, or higher education. Learners engaged positively with careers discussions and with the application process and families welcomed the swift response in attempting to secure placements well in advance of the summer term. The partnership with The Manchester College continues to evolve positively.
